# REDUCE-REUSE-RECYCLE

Alkaline batteries may be disposed of in your regular household trash; however, the Newton Recycle Center provides a collection container for those who prefer to drop them off. For safety, please tape the terminals of all 9-volt batteries before placing them in the mail slot.

If you have any questions, feel free to call us at 973-383-4160 or via email at [recycling@newtontownhall.com](mailto:recycling@newtontownhall.com)
